A Medieval Islamic City Reconsidered: An Interdisciplinary Approach to Samarra (Oxford Studies in Islamic Art v.14)

By Chase F Robinson; University of Oxford. Faculty of Oriental Studies. Board.

Oxford University Press, 2002. Hardcover. Book Condition: New. 1st Edition. 206 pages : illustrations, maps, plans ; 26 cm. black cloth. 'This book represents the first sustained attempt to understand Islamic urbanism and court life from an interdisciplinary approach. Samarra, the last great example of early Islamic city building in Iraq, was the capital of the Abbasid caliphate and the center of court culture during the second half of the ninth century. Although archaeologists and art historians have worked on the site extensively, the bounty of numismatic, literary, and historical evidence has hardly been tapped. Since much of this evidence overlaps, Samarra offers unique insights into the character of city building, administration, military history, court life (ritual, court poetry), and imperial ideology throughout this period. -- Publisher description.'

Reviews

It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.

-- Doyle Schmeler

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
