Cardiff the Vale in the First World War

By Phil Carradice

Amberley Publishing, United Kingdom, 2014. Paperback. Book Condition: New. 234 x 164 mm. Language: English . Brand New Book. When war broke out against Germany in 1914, Cardiff and the Vale of Glamorgan was one of the most diverse and eclectic areas of Wales. Within this 40- or 50-mile stretch of the coast sat three of the most important coal exporting docks in the world - Cardiff itself, Penarth and Barry. Yet the area remained predominantly rural with farming being the main industry. Tourism was also important, in the shape of Barry Island and Penarth Pier. How these scattered and, to some extent, isolated communities responded to the war, to the call to arms, is a fascinating social study. The Cardiff Pals was formed, the docks continued to run - and even Penarth Pier found itself caught up in the excitement of the moment, being requisitioned by the Army for the duration of the war. Men from all over the Vale joined up, others stayed at home working on the farms and smallholdings. When they returned they came back with new experiences under their belts and the area was changed forever. This book draws on academic research, on first-hand...

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
