Old Fogies-or veterans retire from all the armies of the world. This is also synonymous with the advent of growing old, being misunderstood because the younger generation has a different view point about every subject since they are digital in their thought process. This book is a tribute to the old timers who laugh away their blues, crack jokes and keep abreast of things in their nation and the world. This is the modus operandi of living life to the full, avoiding loneliness indulging in camaraderie and looking out for each other despite their ill health. It is respect, love and respect bundled together for each member of the group as they traverse their twilight years! A story of love, adventure, wit and courage of old soldiers who are veterans of the World War and still laugh at their follies! The Colonel feels that this book will allow retired officers from the Defence services and others from service backgrounds to understand the nuances of getting older and dealing with situations which appear more difficult in old age than they did when they were younger. He feels that seniors need to prepare themselves to realistic conditions before they enter the Twilight Zone! They must learn to keep in touch with realities, get rid of unnecessary baggage at a younger age and then enjoy old age with a flourish! The secret to living a charmed life is of course HUMOUR! This item ships from La Vergne, TN. Paperback.
